

EHang 216 Autonomous Aerial Vehicle Completes Debut Flight Demo in Bali, Indonesia

November 29, 2021

GUANGZHOU, China, Nov. 29, 2021 (GLOBE NEWSWIRE) -- The world's leading autonomous aerial vehicle ("AAV") EHang 216 completed its debut flight demonstration for aerial sightseeing in the world-famous tourism hotspot of Bali, Indonesia. This demonstration flight was conducted under EHang's cooperation with an Indonesian local partner Prestige Aviation, a subsidiary of Prestige Corp.

The EHang 216 demonstrated a five-minute autonomous flight at the scenic Villa Blackstone Beach, Bali. VIP guests who witnessed the flight demo include Bambang Soesatyo, Chairman of the Indonesian People's Consultative Assembly, Putu Astawa, Head of the Bali Tourism Office and Rudy Salim, CEO and Founder of Prestige Corp.

Prior to the flight demo, the Directorate General of Civil Aviation of the Republic of Indonesia issued the Special Certificate of Airworthiness for the EHang 216 AAV, enabling it to be the Indonesia's first passenger-grade AAV approved for a public unmanned flight demo.

The Director General of Civil Aviation of the Republic of Indonesia issues the Special Certificate of Airworthiness for the EHang 216.

The Indonesian Transport Minister Budi Karya Sumadi sends a congratulations card to EHang 216 flight demo.

Bambang Soesatyo, Chairman of the Indonesian People's Consultative Assembly, said, "We are entering a new chapter of transportation. As a modern transportation solution, EHang 216 will change our lifestyle in the future."

Rudy Salim, CEO and Founder of Prestige Corp, said, "Prestige Aviation aspires to be the pioneer to provide smart city innovations with digital-based transport implementation. As an AAV, EHang 216 can become an effective, affordable mobility and efficient solution for Indonesian air mobility."

Hu Huazhi, Founder, Chairman and CEO of EHang, said, "The successful flight demo fully showcased EHang 216's potential for efficient island hopping and air transportation. We are pleased to join hands with Indonesian local partners to bring our leading AAVs and UAM solutions to Indonesia, one of the most promising UAM markets in Southeast Asia. Our global network of renowned and reliable partners continues to expand, and we believe this is a significant step for our sustainable, consistent success. We look forward to long-term business development prospects in Indonesia."

About EHang

EHang (Nasdaq: EH) is the world's leading autonomous aerial vehicle (AAV) technology platform company. Our mission is to make safe, autonomous, and eco-friendly air mobility accessible to everyone. EHang provides customers in various industries with AAV products and commercial solutions: air mobility (including passenger transportation and logistics), smart city management, and aerial media solutions. As the forerunner of cutting-edge AAV technologies and commercial solutions in the global Urban Air Mobility (UAM) industry, EHang continues to explore the boundaries of the sky to make flying technologies benefit our life in smart cities.
