

CAAC Formally Adopts Special Conditions for EH216-S AAV Type Certification

February 23, 2022

GUANGZHOU, China, Feb. 23, 2022 (GLOBE NEWSWIRE) -- EHang Holdings Limited (Nasdaq: EH) ("EHang" or the "Company"), the world's leading autonomous aerial vehicle ("AAV") technology platform company, today announced that the Civil Aviation Administration of China ("CAAC") has formally adopted the [Special Conditions for EH216-S¹ AAV Type Certification](#) (the "Special Conditions"), which was effective on February 9th, 2022 and published on the CAAC website on February 22th, 2022.

The Special Conditions provides EHang with basis for compliance and safety of EH216-S AAVs, including flight performance, structures, design and constructions, propulsion systems, systems and equipment, data link and ground control station. The Company expects to deploy the EH216-S unmanned aircraft system in low-altitude passenger-carrying commercial operations in the Urban Air Mobility sector.

About EHang

EHang (Nasdaq: EH) is the world's leading autonomous aerial vehicle (AAV) technology platform company. Our mission is to make safe, autonomous, and eco-friendly air mobility accessible to everyone. EHang provides customers in various industries with AAV products and commercial solutions: air mobility (including passenger transportation and logistics), smart city management, and aerial media solutions. As the forerunner of cutting-edge AAV technologies and commercial solutions in the global Urban Air Mobility (UAM) industry, EHang continues to explore the boundaries of the sky to make flying technologies benefit our life in smart cities.
